SAFETY DATA SHEET

SECTION 1 Product and Company Identification
Product
Product Name: Eco-Stain
Product Description: Water Based Concrete Stain
Intended Use: Restorative / decorative coloring cement-based products

Company
Manufacturer: SureCrete Design Products, Inc.
15246 Citrus Country Drive
Dade City, FL 33523
USA
Contact: 1-352-567-7973 (telephone general)
1-800-262-8200 Chemtrec
+1 703-741-5500 Chemtrec International
info@surecretedesign.com (e-mail)
1-352-521-0973 (facsimile)

SECTION 2 Hazards Identification
In accordance with 29 CFR 1910.1200 (Hazcom 2012):

Classification: Not classified as hazardous under any GHS hazard class.

Label Elements:
- Hazard Pictograms: Not Applicable
- Signal Word: Not Applicable
- Hazard Statements: Not Applicable
- Precautionary Statements: Not Applicable
- Supplemental Information: Skin may discolor due to contact with pigment.

Hazards not otherwise classified: No additional information.

SECTION 3 Composition / Information on Ingredients
This material is regulated as a mixture

The exact percentage of composition has been withheld as a trade secret.
SECTION 4 First Aid Measures

**Eye Contact:** Rinse with running water for 15 mins. Hold eyelids apart while irrigating.

**Skin Contact:** Wash affected area thoroughly with soap and water. Wash clothing before reuse.

**Inhalation:** Move to fresh air. Administer artificial respiration if not breathing. If breathing is difficult, give oxygen. Get medical attention.

**Ingestion:** Get medical attention immediately. Do not induce vomiting.

SECTION 5 Fire Fighting Measures

**Extinguishing Media:**
- **Appropriate:** Foam, CO2, Dry chemical, water fog
- **Inappropriate:** Solid streams of water

**Fire Fighting Procedures:** Cool containers to prevent pressure buildup and possible explosion when exposed to extreme heat. Full protective equipment, including self-contained breathing apparatus required.

**Unusual Fire and Explosion Hazard:** Closed containers can explode due to buildup of pressure when exposed to extreme heat.

**Hazardous Combustion Products:** Smoke, fumes, vapors, oxides of carbon

**Flammability Properties**
- **Flash Point (Method):** NA
- **Flammable Limits (Approximate volume % in air):** LEL: none UEL: none
- **Auto Ignition Temperature:** NA

SECTION 6 Accidental Release Measures

**Personal precautions:** Evacuate personnel to safe areas. Ventilate area.

**Environmental precautions:** Prevent entry into waterways.

**Methods for clean-up:** Small spills may be cleaned up with paper toweling and disposed into approved container. Larger spills absorb onto sand, vermiculite, or any other inert, non-combustible material. Scoop into containers for later appropriate disposal.

SECTION 7 Handling and Storage

**Handling:** Avoid contact with eyes, skin, and clothing. Avoid handling of vapor or mist. Do not permit eating, drinking, smoking near material. Remove all potential sources of ignition.

**Storage:** Keep containers tightly closed, in dry, cool, well ventilated place. Keep out of reach of children.
SECTION 8 Exposure Control / Personal Protection

Exposure limit values: Pertains to abrading, sanding, removing dried film
- ACGIH (TWA), 5 mg/m³ (respirable fraction)
- OSHA (TWA) 10 mg/m³ (fume)

Occupational exposure controls: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits.
- Respiratory protection: Wear suitable NIOSH approved respirator when spraying product and ventilation is inadequate.
- Hand protection: Chemically compatible gloves.
- Eye protection: Safety glasses with side shields.
- Skin protection: Minimize skin contact with appropriate long-sleeved clothing
- Hygiene measures: Observe good industrial hygienic practices. Frequently launder or discard proactive clothing, equipment.

Environmental exposure controls: Emissions from work process equipment should be checked against requirements of appropriate environmental protection legislation. In some cases, alteration to work process equipment may be necessary to reduce emissions to acceptable levels.

SECTION 9 Physical and Chemical Properties

General
- Physical state: liquid
- Color: varies
- Odor: organic citrus

Safety Data
- pH: 7.5 – 8.5
- Boiling point: >100°C / 212°F
- Flash point: NA
- Flammable limits (approximate volume % in air): LEL: none  UEL: none
- Auto-ignition temperature: NA
- Vapor density: heavier than air
- Water solubility: NA
- Specific gravity (water = 1): 1.11

SECTION 10 Stability and Reactivity

Chemical stability: Stable under normal conditions.

Conditions to avoid: Temperature extremes

Materials to avoid: None known

Hazardous decomposition products: By fire, CO and CO2

Hazardous polymerization: Will not occur
SECTION 11 Toxicological Information
No ingredient in this product is listed as carcinogenic by IARC, NTP, or OSHA.
No LC50 or LD50 data is available.

SECTION 12 Ecological Information
Eco-toxicity: This product is not expected to be hazardous to the environment.

Mobility: Not available

Persistence and degradability
Biodegradation: Not available
Atmospheric oxidation: Not available
Bioaccumulation potential: Unlikely to be significant.

SECTION 13 Disposal Considerations
Methods of disposal: This material may be safely incinerated or landfilled in accordance with federal, state, and local environmental control regulations.

Section 14 Transport Information
DOT: This product is not regulated for transport.
ARD/RID: This product is not regulated for transport.
IMDG: This product is not regulated for transport.
IATA: This product is not regulated for transport.

SECTION 15 Regulatory Information
TSCA (USA - Toxic Substance Control Act)
All components of this product are listed on the U.S. Toxic Substances Control Act Inventory (TSCA Inventory) or are exempted from listing because of low volume.

SARA Title III (USA – Superfund Amendments and Reauthorization Act)
313 Reportable Ingredients:
None

California Prop 65, Safe Drinking Water and Toxic Enforcement Act of 1986
There are chemicals present known to the state of California to cause cancer or reproductive toxicity.

CPR (Canadian Controlled Products Regulations)
This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations.

SECTION 16 Other Information
Recommended restriction: for use by trained professionals, having read the complete SDS

To the best of our knowledge the information contained here is accurate. However, neither the above named manufacturer nor any of its distributors assumes any liability whatsoever for the accuracy or the completeness of the information contained herein. Final determination of the suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
